

FRIDAY FANFARE

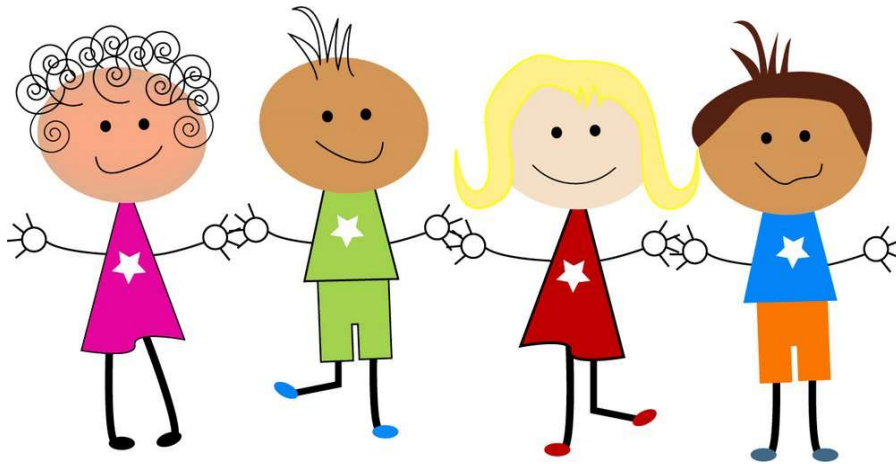

October 5, 2018

Dear Trinity Families,

I know that many of you have experienced cancer in some way or another. When my husband, Steve, was in his early twenties, he was diagnosed with Burkitt's lymphoma, a non-hodgkin lymphoma. After surgery, a year and a half of chemotherapy, and many years later, Steve was declared "cancer free." Steve and I dated all through high school and college, so this cancer experience was something we went through together, and it was our faith that kept us positive and strong.

Right now in our school community, Mr. McCreary (Gabby and Cece's dad), Father Olvera (Miss Olvera's youngest brother), and Ms. McCarthy (our 4th/5th grade teacher) are faced with cancer. Also, Sophia Basil, one of our 6th graders who has epilepsy, is undergoing surgery next week. Please support these Trinity family members with your continued love and prayers. We want them to know that they are not going to face this alone!

With God's blessings,
Kimber Moehrman, Principal
